# Mordecai Musinahama

## SYSTEMS DEVELOPER

I am Mordecai Musinahama, a self-motivated, hard-working and highly skilled IT consultant specializing in Web development, UI/UX design, Systems Development, SEO, SMM, Branding & Content Creation.

## EXPERIENCE

### SYSTEMS AND WEB DEVELOPEMENT

#### iTrain Consultancy & Training | 2022

Based in mutare iTrain is an international IT training and consultancy firm. I am the Snr systems developer, IT Consultant and Web engineer. I mainly work with the marketing department. I redesigned and upgraded the web system, content creation, copywriting and improved SEO (search engine optimization). Gave productive advice on digital marketing, user experience and systems development.

### WEB & SYSTEMS DEVELOPEMENT

#### ICN Consultants | 2022

ICN consultants is a startup consultancy firm which is currently functional in Botswana, South Africa and Zimbabwe. I am Head of IT, digital marketing and branding as the SNR systems developer and Snr Web developer. I handle the business analysis of users requirements and specifications, use case stories, branding, design and development and testing. I.e digital marketing and SEO (search engine optimization) included.

### WEB AND CONTENT CREATION

#### Golden Events | 2022

Based in Bulawayo Golden events is a raising events management Company which specializes in events management and catering. I held the professional responsibilities of a content creator, and web developer. I handled the user requirements and specifications, use case stories, design, development as well as testing. In creating a usable management system. i.e digital marketing included.
